

Fig. 6. Photonic crystal microcavity laser. Top—geometry; Bottom—false-color visualization of the optical electric field distribution along a planar cut through the middle of the laser geometry. *Source:* O. Painter et al., “Two-dimensional photonic band-gap defect mode laser,” *Science*, vol. 284, June 11, 1999, pp. 1819–1821 [6].
